## MDF Certification

MDF Organogram

# Management & Development Foundation (MDF) Organogram

### Management and Development Foundation – Brief Profile

MDF is working for the betterment of the unheard and marginalized people without any discrimination of caste, creed, religion or color of skin. We believe to live in peaceful coexistence and establish/facilitate cordial relations so that everyone can live in harmony and should attain equal chances to grow to earn their decent living.

MDF has well-developed systems and controls which enables it to perform on the higher level as well as at grassroots level and its well-designed monitoring mechanisms enables it's monitoring throughout the course of the project. The reporting and beneficiaries tracking process is also given high priority because it gives opportunity to help the people who have never received any assistance and it is also a check to avoid duplication of resources. The good relations with the district administration and communities are the key strength of MDF because it has created an environment of listening patiently to the adversities of the masses and the plans which they believe in through infusing in them the spirit of helping themselves on their own.

Management & Development Foundation (MDF), a non-political, non-profit making and non-governmental organization (NGO), registered under the Societies Act XXI of 1860 Registration No: 6060, was established on September 21st, 2010 and is certified by following authorities:

- International Standards Organization (ISO) 9001
- Pakistan Center for Philanthropy (PCP)
- Pakistan Engineering Council (PEC)
- Trade Testing Board (TTB)
- National Tax Number (NTN) – Federal Board of Revenue
- Sindh Board of Revenue (SRB)
- Signed MoU with EAD in January 2020

#### ***MDF's Interventions in Socio Economic Sectors and Organizational Outreach Portfolio***

MDF is a "Development Oriented Organization working on Policy Changes by Influencing Stakeholders and Piloting the Small Scale Community Level Practical and Adaptable Solutions". MDF has its major interventions in the Sectors of Education, Agriculture & Livestock, Water, Sanitation & Hygiene (WASH), Low Cost Shelters, Capacity Building of Stakeholders and Livelihood Opportunities, Emergency Relief and Rehabilitation with Advocacy, Lobbying, and Women Inclusion & Networking as cross cutting themes. MDF has its presence in 11 districts of Sindh province and 4 districts of Punjab province. MDF has Membership Alliances Networking with more than 15 International and 20 National level Organizations.

#### ***MDF's Approach towards Socio Economic Development of Communities***

The social mobilization, livelihoods and participatory development for socio economic empowerment of the male, female and children have been the focus of MDF since its inception on September 21st 2010. The livelihood opportunities in rural and urban areas need to be created with the paradigm shift because the income generation activities are not enough keeping in view the growing population in the country. Therefore, income generation through capacity building and linkages development have been in the policy of MDF. We believe that the social development can be achieved through:

- a. Understanding the problems and identifying opportunities for creating spaces for inclusion of women and promoting leadership at community level;
- b. Strengthen the target communities to organize in the form of networks and social institutions to work for women leadership;
- c. Capacity Building of women led groups, communities, social institutions and youth to end poverty by empowerment and gender equality and
- d. Linkages Development with Community Support Organizations (CSOs), Government Departments and Private Sector for linkages building, accountability and enhance responsiveness.
